WORK EXPERIENCE

Software Engineer (React)
Pridesys IT Ltd.

01/2023 - 02/2025   Dhaka, Bangladesh

Job Responsibilities

- Developed and maintained dynamic ERP dashboards and web applications using React.js, Redux, and RESTful APIs, improving performance and user experience.
- Implemented responsive UI components with Tailwind CSS and integrated GSAP animations for interactive user interfaces.
- Conducted unit, integration, and asynchronous testing using Jest to ensure application reliability and browser compatibility.
- Collaborated in Agile/Scrum teams to plan, develop, and deliver feature-rich applications within sprint cycles, utilizing Git for version control.
